

ABOUT OUR TARTS

Low calorie, low sugar, and a unique edible format, Dixie Tarts assorted-flavor pack delivers 100 mg of clean-extracted THC that will exhilarate your senses with a fusion of sweet & tart in three classic fruit flavors: grape, cherry, and lemon.

Great tasting, quick dissolving, and very discreet—ideal for anyone on the go

Won't get squishy or melty, like gummies or chocolates

SOME QUICK FACTS

Dixie Tarts come in 100mg assorted-flavor packs, with ten 10mg tarts per convenient pocket-sized container.

Tarts dissolve smoothly for rapid uptake, with the effects often felt within 30–45 minutes. The quick uptake is due to trituration—which means ground or mixed up into a micronized powder to ensure very fine particle size. This trituration ensures ultimate absorption and fast uptake.

Low calorie (<5 calories each) and low sugar, with **NO ARTIFICIAL SWEETENERS**. Sweetened with pure cane sugar and using all-natural coloring; beet juice extract for cherry, purple carrot for grape, turmeric for lemon.

For optimal results, hold tart in mouth until completely dissolved. The active THC is absorbed through the oral mucosa (soft lining of the mouth), allowing for faster absorption into the bloodstream.

When ingesting, there is a slight cooling effect. This is from the sorbitol, a sugar alcohol that speeds up absorption.

Nut free, gluten free & vegan

THEY'RE GREAT FOR...

Users looking for a discreet and highly portable delivery system with fast uptake

Customers looking for a sweet & tart, consistently-dosed product

A tasty edible option that is low sugar and low calorie
