ABOUT OUR MINTS

Dixie Mints are refreshing, rapid dissolving, and very discreet—Dixie mints are ideal for consumers on the go.

Whether looking for a little boost, something to help relax, or something in between, these tiny treats make a great lower-dose option.

When holding mint in mouth until completely dissolved, THC is absorbed through the soft lining of the mouth, resulting in a faster onset of effect.

OUR MINT FLAVORS

AWAKENING – Orange Zest // 5mg THC per mint
Orange oil can give an overall uplifting effect.

RELAXING – Peppermint // 5mg THC per mint
Peppermint oil is linked to sharper mental focus and improved digestion.

VITALIZING – Pomegranate Açai // 5mg THC per mint
Pomegranate and açai are rich in antioxidants.

SYNERGY 1:1 – Mixed Berry // 5mg CBD and 5mg THC per mint
Balanced 1:1 CBD:THC ratio

SYNERGY 5:1 – Cucumber Melon // 10mg CBD and 2mg THC per mint
5:1 CBD:THC ratio for those looking for the benefits of CBD

SOME QUICK FACTS

A great sugar and calorie free option

Now in convenient SecurSlide™ child resistant, pocket-sized container

Dixie Mints dissolve smoothly for quick uptake—effects often felt within 30–45 minutes. The reason behind the quick uptake is because of Tituration. *Titration means ground or mixed up into a micronized powder to ensure small particle size to ensures ultimate absorption and fast uptake*

Sweetened with xylitol

THEY'RE GREAT FOR...

People who are looking for discreet delivery systems

Those who are looking for a specific effect from THC-infused products

SYNERGY mints are ideal for customers who desire a more “rounded” high than THC alone

Consumers who want a low, consistent dose
