

Wives Club Events

The Wives Club (TWC) Events Series is designed to engage members and encourage participation in local and community efforts. The Wives Club proudly hosts socials, meetings, receptions, luncheons and more for members to network and learn about the programs and resources available to them.

Our mission is to support, connect and reward the wives and significant others who are key players in support of the game. We hope that Wives Club members gain a greater sense of pride in their Club by participating in events.

TWC members are encouraged to initiate a sponsored event in their area with the participation of 20 or more Wives Club members.
